

DIRECT AID PROGRAM TONGA SUBMISSION GUIDELINES 2018-19

Ha'alalo School Garden project supported by DAP grant in 2015

The Direct Aid Program is a competitive small grants program funded by the Australian Aid program. Grants of up to 8000 pa'anga are available for proposals that can demonstrate a strong benefit to local communities in line with the priorities of the Australian Aid program in Tonga.

In 2017-18, we particularly welcome proposals for projects that address the following needs:

- people with disabilities, women and girls, livelihoods, human rights, environment and climate change, community health, arts and culture, youth and social inclusion

In recent years, the Direct Aid Program in Tonga has supported projects including:

- a community netball competition in 'Eua
- a children's playground next to the BSP carpark in Nuku'alofa
- community consultations on the rights of LGBTI people in Tonga
- a school vegetable garden in Ha'alalo

To strengthen your application, you should consider:

- How will you maximise the number of people that will benefit from your project?
- Can the community make a contribution to support the project (land, material, labour or resources)?
- How can the project continue to provide a benefit to the community after the funding has been spent?

What types of projects are not eligible under the Direct Aid Program?

- × issuing cash grants, cash prizes, grants programs, micro-credit schemes or commercial ventures
- × buying livestock, vehicles, lawnmowers, weed-eaters, or water tanks or fences for individual households
- × improvements to an individual's house or land
- × any overseas travel
- × routine, recurring running costs and administrative expenses including office rental and utility costs, spare parts, routine maintenance and reports, or staff salaries.
